SUMMARY

Entry-level Software Developer with hands-on experience building responsive web applications using HTML, CSS, JavaScript, TypeScript, React, Node.js, Express, Git, GitHub, npm, and Vite. Experienced with component-based development, API communication, deployed projects, debugging, documentation, and responsive UI design. Brings strong communication, organization, deadline management, and problem-solving skills from aviation, operations, education, and digital media production.

SKILLS

Front-End Development: HTML5, CSS3, JavaScript, TypeScript, React, JSX, components, props, state, forms, responsive design

Back-End / APIs: Node.js, Express.js, REST APIs, JSON, client/server communication

Developer Tools: VS Code, Git, GitHub, Chrome DevTools, npm, Vite, GitHub Pages

Cloud / AI Tools: Microsoft Azure basics, Azure AI Language, Azure AI Foundry, Azure CLI, API authentication, environment variables

Web Development Concepts:

API calls, DOM manipulation, component-based architecture, reusable UI, form validation, accessibility basics, deployment, AI debugging and documentation

PROJECTS

ShadowBlade Dice Shop — Full-Stack E-Commerce Demo

<https://morganneedham.github.io/shop/>

Technologies: React, Vite, JavaScript, CSS, Node.js, Express, Git, GitHub, GitHub Pages

- Built a responsive e-commerce demo with product catalog, shopping cart, checkout flow, order confirmation, inventory updates, and mobile-friendly styling.
- Developed product detail features including a multi-image gallery, thumbnail selection, and expanded image lightbox; connected the frontend to an Express API for local product and purchase data.

Roll Oracle — Dice Analytics Web App

<https://morganneedham.github.io/roll-oracle/>

Technologies: React, Vite, TypeScript, JavaScript, CSS, Git, GitHub, GitHub Pages

- Built and deployed a TypeScript dice analytics app that records roll history, calculates blessed/cursed outcomes, and gives tabletop players quick visual feedback.
- Used React state, event handling, reusable components, and responsive CSS to organize roll logic and keep the interface clear across screen sizes.

Personal Portfolio Website — Responsive Front-End Project

<https://morganneedham.github.io/portfolio/>

Technologies: HTML, CSS, GitHub Pages

- Designed and deployed a responsive portfolio website to showcase projects, technical skills, resume information, contact links, and professional background.

CERTIFICATIONS & TRAINING

AI-Centric Web Development Bootcamp — University of Texas at Arlington

Meta Front-End Developer Professional Certificate — Coursera | In Progress

Azure AI Fundamentals (AI-901) — Microsoft | In Progress

EXPERIENCE

Delta Air Lines

Flight Attendant

07/2023 - Present

- Enforce FAA safety regulations and emergency procedures in fast-paced flight environments where timing, accuracy, and clear communication directly impact passenger safety.
- De-escalate passenger conflicts, coordinate with crew members, and adapt quickly to changing schedules, priorities, and operational conditions.

Southwest Airlines

10/2022 - 07/2023

SkyWest Airlines

09/2021 - 10/2022

Spring Education Group

Infant Teacher

06/2019 - 03/2020

- Maintained accurate daily records, incident notes, progress updates, classroom routines, and safety procedures while adapting to changing student and family needs.

JuiceLand

On-Shift Manager

05/2018 - 06/2019

- Coordinated shift workflows, staffing needs, inventory tracking, employee training, and customer service processes to keep daily operations running smoothly.

Sky Media Productions

Content Producer

12/2016 - 07/2017

- Coordinated weekly digital media projects by managing schedules, deadlines, deliverables, budgets, production resources, and stakeholder communication from planning through completion.
- Maintained organized production documentation and supported digital workflows for channels reaching 1M+ subscribers.

EDUCATION

Seattle Film Institute

Bachelor of Arts in Film Production

University of Idaho

Studied Broadcast & Digital Media
